

become anything another thought  
human knowledge others someone  
justice either know thing rather body saying  
virtue since better point  
always give man said kind case bad much  
two true call make far soul good never laws  
reason made men part must things say sort life even city use mean  
people say now way well socrates  
whether think like state fact love come truth  
name may seems see like state fact love come truth  
still gods many state fact love come truth  
really without nature put law whole find suppose  
fine god nature put law whole find suppose
